# GOAL

*Our main goal is to create a database with the user interface which collects knowledge/skill information for each staff member.*

*When using correct meta information, Aurora DS could  
a) search for suitable staff members for certain needs,  
and b) create a suitable CV for a  
quote/tender/proposition as an attachment for the  
customer, containing the relevant skills and knowledge  
as an attachment.*

# OUTCOME

*Teambuilding activities and commisionner meeting during the Tornio kick-off have contributed singificantly to group work.*

*The Agile/SCRUM working approach has made the remote work more effective.*

*Team has went through some difficulties, mainly connected with discipline and communication.*
